

ROW Defined:

Includes city streets, curb & gutter, park strips, sidewalks (if present) and most often extends 6-12" past the edge of the sidewalk. Because ROW widths may differ from street to street, please contact the city Engineering Division (801-629-8990) to verify ROW location and width.

CITY ROW LINE

Ogden City Engineering ROW Permit - Fee Illustration (as of July 1, 2023)

CURB & GUTTER

STREET

SEWER

WATER

Owner responsible for water pipe from 1ft behind curb to the house.

Park Strip Excavation
\$50.00 + \$1.50 per 100 LF

Water Meter
Call Engineering Construction Coordinator for pricing: 801-629-8986

City responsible for water pipe between water main and meter

Street Excavation
(PAVEMENT OLDER THAN 3 YRS)
\$200 + \$1 per LF over 100'
(PAVEMENT NEWER THAN 3 YRS)
\$400 + \$2 per LF over 100'

Water Tap**
Contact Engineering Construction Coordinator for cost estimate: 801-629-8990

Replace Sidewalk*
\$0.30 per LF

Park Strip Excavation
\$50.00 + \$1.50 per 100 LF

Replace Curb/Gutter*
\$0.30 per LF

Street Excavation
(PAVEMENT OLDER THAN 3 YRS)
\$200 + \$1 per LF over 100'
(PAVEMENT NEWER THAN 3 YRS)
\$400 + \$2 per LF over 100'

Sewer Connection**
\$334 - 4" Tap
\$92.25 - 8x6 Factory Wye

Park Strip Excavation
\$50.00 + \$1.50 per 100 LF

Street Excavation
(PAVEMENT OLDER THAN 3 YRS)
\$200 + \$1 per LF over 100'
(PAVEMENT NEWER THAN 3 YRS)
\$400 + \$2 per LF over 100'

Sewer Connection**
\$334 - 4" Tap
\$92.25 - 8x6 Factory Wye

*** Concrete Replacement:** Ogden City Standards require that all concrete sidewalk or curb & gutter panels damaged or removed during the course of a job be **replaced in their entirety** with new concrete.

**** Utility Taps:** Typically a utility tap is installed at the time of initial construction, or when an existing tap is damaged beyond functionality. This is not a common repair item.

Note: This graphic represents many, but not all permit-related fees and charges.
