

ORDINANCE NO. 2024-28

AN ORDINANCE OF OGDEN CITY, UTAH, AMENDING THE OGDEN MUNICIPAL CODE BY AMENDING SECTION 15-2-20; BY AMENDING SUBSECTION 15-10-2; BY AMENDING SUBSECTION 15-10-3.A; BY AMENDING SECTION 15-29-5; BY AMENDING SUBSECTION 15-38-4.F; BY AMENDING SECTION 15-38-5 TO LIMIT MULTIPLE FAMILY DWELLINGS IN C-2/CP-2 AND C-3/CP-3 ZONES; TO MAKE TECHNICAL CHANGES; AND BY PROVIDING THAT THIS ORDINANCE SHALL BECOME EFFECTIVE IMMEDIATELY UPON POSTING AFTER FINAL PASSAGE.

The Council of Ogden City hereby ordains:

SECTION 1. Section amended. Section 15-2-20 of the Ogden Municipal Code is hereby amended to read and provide as follows:

15-2-20: ["S" DEFINITIONS:]

SENIOR MULTIPLE-FAMILY DWELLING: A multiple family dwelling designated to be occupied exclusively by persons 55 years of age or older.

SENSITIVE AREA: Lands containing environmentally and geologically sensitive elements which, if encroached upon by unsuspecting urban land development such as utilities, housing, streets, and/or public facilities, could be damaged beyond reparability or could cause severe damage to such urban development or cause complete destruction thereof or cause the loss of life or bodily harm. Such sensitive areas could include active earthquake faults, potential landslide areas, steep unstable terrain, or areas of potential rockfall.

SENSITIVE VEGETATION: Vegetative cover which can be harmed by compaction from overuse, urban development or altering of the hydrologic cycle in such a manner as to create an environmental imbalance causing a severe retardation of growth or elimination of a particular variety of vegetative species.

SENSITIVE WILDLIFE HABITAT: Wildlife habitat which provides an environmental biosphere critical to the well being and perpetuation of certain species of wildlife, particularly if encroached upon by urban related development. It is specifically related to the elimination of a limited habitat and its related wildlife.

SEXUALLY ORIENTED BUSINESSES: An inclusive term used to describe collectively those businesses for which a sexually oriented business license is required, pursuant to Title 5, Chapter 15, which include for purposes of this title the following: outcall services, adult entertainment dancing agencies, adult businesses (an inclusive term including

	adult motion picture theaters, adult bookstores or adult video stores), and adult live entertainment businesses. This collective term does not describe a specific land use and shall not be considered a single use category for purposes of this title.
SHELTER FOR THE HOMELESS:	Charitable lodgings or sleeping rooms provided on a temporary basis (usually on a daily basis), to those members of society lacking other safe, sanitary or affordable shelter. May also include kitchen and cafeteria.
SHELTERED WORKSHOP:	An on site supervised educational or vocational training facility for persons with a disability that does not provide any residential facilities.
SHORT TERM LOAN BUSINESS:	<p>A. An establishment engaged in extending credit to individuals (regardless of whether the debt is secured or unsecured or in the form of a loan, advance or other credit intermediation service) that:</p> <ol style="list-style-type: none"> 1. generally charges an annual percentage rate of 30% or higher as calculated under the federal Truth in Lending Act (15 USC 1601 et seq.) or the rules or regulations adopted pursuant to the Truth in Lending Act; or 2. extends credit in amounts generally less than \$10,000. <p>B. This definition specifically includes businesses such as check cashers, deferred deposit lenders and title lenders, but does not include establishments whose primary activity is:</p> <ol style="list-style-type: none"> 1. selling real estate or financing real estate transactions; 2. making retail or food sales or financing retail or food sales made on the installment plan; 3. selling vehicles or financing purchase money vehicle loans; 4. making repairs or improvements to real or personal property; 5. acting as a pawnbroker under the provisions of Title 5, Chapter 12, Article A; 6. providing professional, medical, dental, insurance or

	educational services;
	<p>7. acting as a charitable organization under Section 501(c)(3) of the Internal Revenue Code or as a community development entity that has been certified by the U.S. Department of Treasury's Community Development Financial Institutions Fund; or</p> <p>8. providing deposit banking as a depository institution or depository institution holding company as defined in Utah Code Section 7-1-103, as amended.</p>
	<p>C. In determining the primary activity of a business, the value of any goods sold or services rendered compared with the amount of credit extended shall be taken into account.</p> <p>D. A short term loan business may offer more than one type of credit intermediation service if it meets the licensing requirements for each service and operates from a single storefront.</p>
SHORT-TERM RENTAL:	A dwelling unit or any portion of a dwelling unit that the owner of record or the lessee of the dwelling unit offers for occupancy for fewer than 30 consecutive days. "Short-term rental" excludes a facility licensed by Ogden City as a bed and breakfast inn, hotel, motel, boarding house, or lodging house.
SIDEWALK VENDOR:	Any person or persons licensed under Title 5, Chapter 13, Article B as a sidewalk vendor who sells, or offers to sell at retail, food, nonalcoholic beverages, balloons, or cut flowers on a public sidewalk.
SINGLE ROOM OCCUPANCY:	A residential facility with six or more sleeping units created from a building that was formerly used as a hotel or motel, where the facility has common sanitation facilities, kitchen facilities, or both, and where the majority of sleeping units have only one sleeping room.
SITE DEVELOPMENT STANDARDS:	Established regulations concerning lot areas, yard setbacks, building height, lot coverage, open green space and any other special regulations deemed necessary to accomplish the purpose of this title.
SLEEPING UNIT:	A single unit that provides rooms or spaces for one or more persons, includes permanent provisions for sleeping and can include provisions for living, eating and either sanitation or kitchen facilities but not both. Such rooms and spaces that are also part of a dwelling unit are not sleeping units.

SOCIAL HALL:	A for profit privately owned, multiuse indoor space that provides for a variety of private and public functions such as banquets, parties, games, social gatherings, entertainment, lectures and receptions.
SOUP KITCHEN, CHARITABLE:	A not for profit establishment devoted exclusively to feeding the poor. Such establishment may provide one or more meals per day, at no monetary charge to the hungered.
STABLE, PRIVATE:	A detached, accessory building for the keeping of horses owned by the occupants of the premises, and not kept for remuneration, hire or sale.
STABLE, PUBLIC:	A stable other than a private stable.
STACKED UNITS (duplex, triplex, fourplex):	A multiple-family dwelling containing two (duplex), three (triplex), or four (fourplex) dwelling units where each dwelling unit is above or below a dwelling unit on another floor.
<u>STOREFRONT AREA, GROUND FLOOR</u>	<u>An area on the ground floor of a building that extends from the front or side street side of the building to a minimum depth of 60 feet within the building.</u>
STORY:	The space within a building, other than a cellar, included between the surface of any floor area and the surface of the ceiling next above.
STORY, HALF:	A story with at least two of its sides situated in a sloping roof, the floor area of which does not exceed two-thirds of the floor immediately below it.
STREET:	A public thoroughfare, dedicated, abandoned or condemned for public use prior to the initial enactment of the zoning ordinance, which affords the principal means of access of abutting property and is more than 26 feet wide, and any public thoroughfare dedicated to the public and accepted by proper public authority or condemned for public use after said date.
STREET, PRIVATE:	A private right-of-way that is 26 feet wide or wider, that accesses the lots, other than footprint lots, within a PRUD, group dwelling, or similar development, and that otherwise functions much like a public street.
STRUCTURAL ALTERATIONS:	Any change in supporting members of a building, such as bearing walls, columns, beams or girders.
STRUCTURE:	Anything constructed or erected, the use of which requires location on the ground, or attachment to something having location on the ground.
SWAP MEET:	A business operated entirely within an enclosed building where, under direction of a swap meet proprietor, individual sellers occupy a designated area where goods are sold or exchanged.
SWIMMING POOL:	Any artificial or semiartificial container, whether indoors or outdoors, and whether above or below the surface of the

ground, or both, used or intended to be used to contain a body of water for swimming by any person or persons, together with all permanent structures, equipment, appliances and other facilities used or intended for use in and about the operation, maintenance and use of such pool.

**SWIMMING POOL,
FAMILY:** A swimming pool used and intended to be used solely by the owner, operator or lessee thereof and his family and by friends invited to use it without payment of any fee or consideration.

SECTION 2. Section amended. Section 15-10-2 of the Ogden Municipal Code is hereby amended to read and provide as follows:

15-10-2: [TYPES OF GROUP DWELLINGS:]

There are three types of group dwellings: a small lot group dwelling, a neighborhood group dwelling, and a mixed-use group dwelling. Because of the different character and impact of these three [(3)] types of developments, some development standards may be different. The types of group dwellings are distinguished by their size:

- A. **[Small Lot Group:]** Small lot group dwelling is development on a [small parcel of land] lot that is less than two acres in total area.
- B. **[Neighborhood Group:]** A neighborhood group dwelling is a development on property a lot that is two acres or more in total area, excluding mixed-use mixed-use group dwellings.
- C. **[Mixed-use Group:]** A mixed-use group dwelling is a development in certain commercially zoned areas that is [four] 10 acres or larger and that is required to include a commercial component to the development.

SECTION 3. Subsection amended. Subsection 15-10-3.A of the Ogden Municipal Code is hereby amended to read and provide as follows:

A. [Lot Area Requirements:]

1. A group dwelling may be developed on a [parcel of property which] lot that is:
 - a. ten thousand square feet or larger in an R-2/R-2EC, R-2S, R-3/R-3EC, R-4, R-5, PI, or NC-2 zone; [C-2/CP-2 or C-3/CP-3 zone (see Subsection A.2 below for additional commercial standards);]
 - b. between 3,000 square feet and eight acres in an R-9 zone; or

- c. ten acres or larger in a C-2/CP-2 or C-3/CP-3 zone (see Subsection A for additional standards).
- 2. Group dwelling developments in [commercial zones that are less than four acres may include a commercial component at any scale, but projects four acres or larger are required to develop at least 25% of the land area as non-residential, permitted commercial uses. If a commercially zoned lot is four acres or larger as of July 1, 2023, and subsequently subdivided, no more than 75% of the original unsubdivided land area may be developed as a residential use. Commercial land area includes the ground floor areas dedicated to non-residential uses, the required parking for the non-residential floor area and landscaping that is closest to the non-residential buildings and not outdoor recreation space.] C-2/CP-2 or C-3/CP-3 are only allowed on lots that are at least 10 acres. They must comply with the following standards:
 - a. at least 75% of the total ground floor area of all buildings on the lot must be developed with allowable nonresidential uses. The nonresidential use must receive a certificate of occupancy and zoning compliance prior to or concurrent with receiving a certificate of occupancy for the residential use.
 - b. residential uses may not be located in the ground floor storefront area.
 - c. in addition to the amenities otherwise required, the following must be provided on site:
 - (1) a fitness center or gym with at least 2,000 square feet floor area;
 - (2) a common room available for reservation for large gatherings of at least 2,000 square feet floor area;
 - (3) retail spaces containing at least 1,500 square feet floor area of each of the following:
 - (A) groceries; and
 - (B) personal services.
- [3. If commercial zones within the areas described in Subsections a. and b. below, have existing multiple-family development that exceeds 30% of the total land area within one of these defined areas, then no additional group dwelling development is allowed. If the defined area has existing multiple-family development but the existing multiple-family development does not exceed 30% of the defined land area, then the proposed group dwelling development can use the remaining percentage of available land area within the defined area. If the defined area has no existing multiple-family development, then the proposed group dwelling development may

~~occupy up to 30% of the total land area. Said 30% excludes the street rights-of-way.~~

- ~~a. A 700-foot radius from the center point of the intersection of 30th Street and Washington Boulevard, 36th Street and Washington Boulevard, 12th Street and Harrison Boulevard, or 20th Street and Harrison Boulevard; or~~
- ~~b. A 1,000 foot radius from the center point of the intersection of 2nd Street and Washington Boulevard, 12th Street and Wall Avenue, 12th Street and Washington Boulevard, and 36th Street and Wall Avenue.]~~

[4]3. If contiguous ~~[parcels]~~ lots are combined for the group dwelling development, the entire acreage of the combined properties shall be considered for the total lot area of the group dwelling.

SECTION 4. Section amended. Section 15-29-5 of the Ogden Municipal Code is hereby amended to read and provide as follows:

15-29-5: [EFFECT ON PROVISIONS OF UNDERLYING ZONE:]

- A. **[Less Restrictive:]** The imposition of specific zoning conditions or restrictions pursuant to this chapter shall not be deemed to allow the granting of permission to comply with land use limitations or requirements which are less restrictive than those of the underlying zone.
- B. **[Conditional Uses:]** The attachment of conditions to any zoning map amendment shall not prohibit or affect the applicability of the requirements of "conditional uses", including the requirement to obtain a conditional use permit.
- C. **[Effect on Change of Zone or Zoning Standards:]** In the event that this title or the zoning map is amended subsequent to adoption of a conditional overlay such that the uses or project specifically included in a valid development agreement are no longer allowed or possible, the overlay shall be construed to allow the uses or project included in the agreement unless otherwise designated by ordinance.

SECTION 5. Subsection amended. Subsection 15-38-4.F of the Ogden Municipal Code is hereby amended to read and provide as follows:

- F. **[Multiple-Family Dwellings [A]and Single-Family Rowhouses:]** [A] Where allowed, a multiple-family dwelling or single family rowhouses shall comply with the following restrictions:
 - 1. Mixed-use multiple-family dwellings are only allowed on lots that are at least 10 acres. They must comply with the following standards:

- a. at least 75% of the total ground floor area of all buildings on the lot must be developed with allowable nonresidential uses. The nonresidential use must receive a certificate of occupancy prior to or concurrent with receiving a certificate of occupancy and zoning compliance for the residential use.
- b. residential uses may not be located in the ground floor storefront area.
- c. in addition to the amenities otherwise required, the following must be provided on site:
 - (1) a fitness center or gym with at least 2,000 square feet floor area;
 - (2) a common room available for reservation for large gatherings of at least 2,000 square feet floor area;
 - (3) retail spaces containing at least 1,500 square feet floor area of each of the following:
 - (A) groceries; and
 - (B) personal services.

[1]2. A senior multiple-family dwelling developed on a [parcel or lot of four (4)] lot four acres or larger is required to develop [at least twenty-five percent (25%)] at least 25% of the land area as non-residential, permitted commercial uses. Commercial uses shall be located:

- a. [H]in a commercial building on land fronting the street that is a minimum of [twenty-five percent (25%) of the lot or parcel] 25% of the lot area and has adequate depth for the commercial use;
- b. [O]n the entire ground level of the proposed senior multiple-family dwelling structure fronting on the street, except for areas required to provide access to the upper floors; or
- c. [A] a combination of commercial buildings and ground level commercial provided the areas equal the minimum [twenty-five percent (25%)] 25% lot area requirement.

[2]3. A senior or mixed-use multiple-family dwelling [or single-family rowhouse] is not permitted if the sum of all land area devoted to existing and proposed [multifamily] multiple-family development exceeds [thirty percent (30%)] 30% of the total land area, excluding street rights-of-way, as measured by the lot area of all land within:

- a. [A seven hundred foot (700')] a 700-foot radius from the center point of the intersection of 30th Street and Washington Boulevard, 36th Street

and Washington Boulevard, 12th Street and Harrison Boulevard, or 20th Street and Harrison Boulevard; or

- b. [A one thousand foot (1,000')] a 1,000-foot radius from the center point of the intersection of 2nd Street and Washington Boulevard, 12th Street and Wall Avenue, 12th Street and Washington Boulevard, and 36th Street and Wall Avenue.
- [3]4. In addition to the requirements for parking and parking lot designs found in [chapter 12 of this title] Chapter 12, surface parking lots shall be located:
 - a. [B]behind the building; or
 - b. [T]o the side of the building, provided the parking lot width may not exceed [twenty five percent (25%)] 25% of the frontage of the lot [or parcel].
- [4]5. In the C-3/CP-3 zone, the minimum front setback of a senior or mixed-use multiple-family dwelling [or single-family rowhouse] may be reduced to:
 - a. [Six feet (6')] six feet to the main entryways for the building if the entryways are enclosed;
 - b. [Eight feet (8')] eight feet to projections from the main body of the building, provided the projections are not more than [fifty percent (50%)] 50% of the frontage width of the building and the areas between projections is landscaped with shrubs spaced so they create a solid area between the projection wall and sidewalk; and
 - c. [Ten feet (10')] ten feet if the floor elevation of the dwelling units which face the street are at least three feet [(3')] above the sidewalk elevation of the street.

[5]6. Entries:

- a. Entry Location:
 - (1) Individual dwelling units, such as a single-family rowhouse or other housing types that have an individual outside entrance to a dwelling shall have the front door of each unit on a public street facing the street.
 - (2) Multiple-family dwellings that have entrances to individual dwelling units access an interior hallway shall have the main building entrance facing the public street. The location of the entrance may be at the corner of the building facing the street or along a portion of the building that fronts the street, provided that on a corner lot the entrance may be at the corner of the building which faces the

streets or along the primary street frontage of the street with the larger traffic counts.

b. Entry Design:

- (1) The entry design for a single-family rowhouse or a building that has an individual dwelling unit outdoor entrance shall provide an individual porch area for each unit facing the street as part of the entrance. The porch shall have a minimum four foot by six foot [(4' x 6')] cover above the entryway door which is either a projecting covering over the entryway or a recessed entryway covered by the building above the entrance.
- (2) A multiple-family dwelling street entrance shall be developed as part of the wall of the buildings and shall create an enclosed lobby and access corridor to the dwelling units within the building. The entry design shall be designed to be clearly visible from the street and shall:
 - (A) [U]use architectural elements which include either canopies over the entry or the entry recessed behind the main building wall;
 - (B) [H]incorporate a change of building materials that focuses attention to the entrance or architectural elements that extend above the first floor of the entryway and are in keeping with the architectural design of the overall building; and
 - (C) [H]ave a minimum width of [ten feet (10')] 10 feet, including the width for the entry doors; and
 - (D) for buildings having more than 100 feet building frontage, provide multiple entries such that no entry is further than 50 feet from the end of the building nor another entry.

[6]7. Exterior Materials [A]and Colors:

- a. The color and materials used for exterior wall surface treatments shall be based on the type and scale of the proposed building.
- b. The following materials are prohibited in all types of dwellings as an exterior finish material:
 - (1) [P]re-cast concrete and tilt-up wall systems that are primarily structural in appearance (such as Twin-Ts);
 - (2) [N]atural-colored cinder block;

- (3) [M]aterials intended for indoor finishes; and
- (4) [V]inyl or aluminum siding.
- c. Exterior materials for a single-family rowhouse may differ between each dwelling unit to express the individual units by materials or color, or the overall rowhouse structure can be treated as one building for materials and color.
 - (1) The rowhouse dwelling unit, or the rowhouse structure, as the case may be, is limited to a maximum of two (2) main building materials.
 - (2) The exterior covering materials are limited to:
 - (A) [B]rick;
 - (B) [S]tone;
 - (C) [S]tucco (limited to above the main floor of the building and no more than 20% of the building surface).
 - (D) [W]ood;
 - (E) [F]ibrous cement siding that appears as either wood siding or stucco; and
 - (F) [A]rchitectural metal with a ribbed or flat surface and is not galvanized.
 - (3) Colors shall be muted earth tone colors of reds, ochres, browns, greens, silver, grey and white.
 - (A) A maximum of two (2) colors or two (2) tones of one color are allowed per townhome unit if designed with the variation of materials per unit or building if designed as a common building material.
 - (B) Window trim, fascia, and entry columns or posts may share one additional tone of the color used on the building.
- d. Multiple-Family Dwelling Up To~~up to~~ Sixteen (16) Units:
 - (1) The exterior covering materials are limited to:
 - (A) [B]rick;
 - (B) [S]tone;

- (C) [S]stucco;
- (D) [W]wood; or
- (E) [F]fibrous cement siding that has a texture of wood, stucco, or other material. Use of fibrous cement siding will be considered as one material per each type of texture design used to look like different materials.

(2) Stucco is limited to above the main floor of the building and no more than 20% of the building surface.

(3) Precast sills, lintels, quoins and other similar architectural detail enhancements are permitted and not considered as a second material.

(4) Colors shall be muted earth tone colors of reds, ochres, browns, beige and white. A maximum of two [(2)]2 colors or two [(2)] tones of one color are allowed.

(5) A maximum of two [(2)] main exterior materials are allowed. The two main exterior materials shall comprise at least 80% of the exterior surface of each façade.

e. Multiple-Family Dwelling [Of Seventeen (17)] of 17 Units [0] or Larger:

(1) The exterior covering materials are limited to:

- (A) [B]brick;
- (B) [S]stone;
- (C) [S]stucco (limited to 20% of building surface);
- (D) [F]fibrous cement siding that appears as stucco;
- (E) [A]architectural metal with a ribbed or flat surface that is not galvanized;
- (F) EIFS; or
- (G) [P]recast concrete with a finish that appears as stone.

(2) Stucco, EIFS, architectural metals and fibrous cement siding are limited to placement above the main floor of the building.

(3) A maximum of two [(2)] main exterior materials are allowed. The two main exterior materials shall comprise at least 80% of the exterior surface of each façade.

- (4) Precast sills, lintels, belt courses, parapets, pilasters, columns and other similar architectural detail enhancements are permitted and not considered as a second material.
- (5) Colors shall be muted earth tone colors of reds, ochres, browns, beige and white. Metal finishes may also have colors in the silver and grey range. A maximum of two [2] colors or two [2] tones of one color are allowed.
- (6) Variations to the material and color requirements may only be considered on approval of the planning commission. In reviewing a request for a variation to the requirement the commission shall consider:
 - (A) [T]he architectural theme of the building and how the request is consistent with the architectural theme;
 - (B) [T]he compatibility of the request with the context of the building location and the developments around it; and
 - (C) [t]if the colors and materials create a visual conflict to the visual qualities of the street.

[7]8. Architectural Design: Buildings shall be designed to provide human scale, interest, and variety. The larger the building the simpler the design techniques should be to create that interest and variety.

a. Single-Family Rowhouse Units:

- (1) The rowhouse unit should be designed using recognized architectural styles found in Ogden. Those styles are [Arts and Crafts] arts and crafts, Victorian, [Prairie and Modern,] prairie and modern.
- (2) The elements of architectural style such as window placement, details in cornice treatment overhangs, dormers and porches shall be in the design of the unit or building.
- (3) The roofline of each unit shall vary in height to define the individual unit.
- (4) Each unit shall have a two foot [(2')] stagger from the wall of the adjacent unit.
- (5) No more than seven [(7)] townhomes shall be joined together side by side.

b. Multiple-Family Dwelling ~~[Up To Sixteen (16)]~~up to 16 Units:

- (1) The human scale and interest features shall be articulated by a projecting or recessed main entrance.
- (2) The building design shall include window sills and lintels to define the window openings. Lintels over each window shall be of a different material and color than the wall, extend at least six inches horizontally past the window frame and project at least two inches out from the wall. Glazing shall be a minimum of [~~ten percent (10%)~~20% of the exterior wall surface of each level of the building fronting the street.
- (3) Material changes if desired shall occur at changes in the wall plane such as projections or recesses of the front façade that have a minimum offset of two feet [(2')].

c. Multiple-Family Dwelling ~~[Of Seventeen (17) Units Or]~~of 17 Units Larger:

- (1) These buildings shall have defined street facing building modules that occur at a maximum of every ~~fifty feet (50')~~50 feet of the length of the building. The modules can be defined by either two foot [(2')] minimum offsets of wall planes or breaks in the wall surface by pilasters or columns.
- (2) If desired one belt course to separate the ground level from the upper portions of the building or ground level and second story for buildings over four [(4)] stories is permitted as a means to create the appropriate scale of the building ~~[is permitted]~~.
- (3) Glazing shall be a minimum of [~~ten percent (10%)~~20% of the exterior wall surface of each level of the building fronting the street. Lintels shall be placed over each window that are of a different material and color than the wall, extend at least six inches horizontally past the window frame and project at least two inches out from the wall.
- (4) Material changes if desired shall occur at changes in the wall plane such as projections, recesses or belt course above the ground level of the building front facade.
- (5) Buildings shall be limited to a flat roof with the roof line hidden behind a parapet wall or the roof extended over the building wall with cornices detailing to transition the overhang to the building wall.
- (6) Buildings shall provide at least one of the following along each street facing facade:

- (A) balconies with a minimum depth of six feet and width of eight feet for at least 50% of the street facing dwelling units;
- (B) roof overhangs extending a minimum of 18 inches from the wall surface and at least 75% of the wall length; or
- (C) shutters, faux shutters, or awnings adjacent to each upper floor window.

8. 9. Screening [Of Utilities And]of Utilities and Dumpsters:

- a. Electrical and gas meters shall be screened or located out of view from the public street. All utilities and their connections shall be underground where permitted by the utility provider and other regulations.
- b. Design for screening enclosures for trash shall be incorporated into building architecture and utilize the same materials as the principle building to the greatest degree practicable.
 - (1) Screening and fences shall be one foot [(1')] higher than the object being screened, but not more than eight feet [(8')] high, on all sides where access is not needed.
 - (2) A metal gate shall be included where required for complete screening.
 - (3) The trash enclosures shall be located behind the building and not visible to public view from the public right-of-way.

9. 10. A multiple-family dwelling of seventeen (17)17 units or more shall provide electric vehicle charging stalls as follows:

- a. [One]at least one charging station for [up to the first thirty (30)] the first 30 dwelling units; plus at least one additional charging station for every [fifty (50)] 50 dwelling units thereafter; and
- b. [F]for senior [living] multiple-family and moderate to low income housing, at least one [(1) recharging]charging station per [fifty (50)]50 dwelling units.
